

MARNet involvement in the GN3+ Campus Best Practice

Vangel V. Ajanovski

Faculty of Computer Science and Engineering
Ss. Cyril and Methodius University in Skopje

Persons and Organization

- Main contact persons
 - Anastas Mishev
 - Vangel Ajanovski
- BPD local working groups
 - Boro Jakimovski
 - Vladislav Bidikov
 - Vasko Sazdovski

Organizational web-site

- <http://develop.finki.ukim.mk/projects/campusbestpractice>
 - Limited access only for Task Group Members
- Features
 - Document repository + status of documents
 - Explained work processes and revisions
 - Status reports, monthly reports
- Software
 - Trac software incl. Wiki, Tickets (+ other plugins)
 - Open-sourced, based on python, built-in database (sqlite3), many of references

Processes and general organization

- Document statuses:
 - PROPOSED, STARTED, COMPLETED, INSPECTED, REVISIONS, FINAL, PUBLISHED
- Document processes are organized as:
 - WriterTeam initially start writing the document in the wiki - STARTED
 - QualityTeam can read at any time, but not do modifications until the WriterTeam sets Status to COMPLETED
 - Upon approval the status is INSPECTED.
 - If they have issues, they will create tickets for the issues and change the status to REVISIONS
 - Until all the issues are fixed, the document is under REVISIONS
 - The EditorTeam proofs the document when it is in status INSPECTED
 - If done they change the status to FINAL otherwise revert to REVISIONS

Meetings and Events

- Initial videoconference (VC) pre-meeting – March 2013
